

Intern Training programme 2021 at PDH

Education plan

1. Weekly mandatory protected teaching Tuesdays 0800 – 0900 at PDH
 - a. This is PDH Journal club which has so far been targeted towards IMG HMOs who in essence work as novice PGY2.
 - b. The plan is to extend the scope of this session to be more PGY1 training friendly
 - c. This session is available on – site with added option of videoconferencing using Zoom platform.
 - d. These sessions are all recorded for review off-site at any later date
 - e. Sessions topics are chosen with an intent of covering basic training / curricula requirements
 - f. Sessions include simulated practical real-time case discussions from emergency or ward
 - g. Sessions are delivered by consultants, pharmacists, advanced skills nurse practitioner, HMOs with Consultant support and presence
 - h. Active question – answer time is encouraged
 - i. A month by month list of sessions is planned and published to facilitate prior learning opportunities for attendees
2. Weekly mandatory protected teaching Wednesdays 1200 – 1300 at ActiveHealth
 - a. ActiveHealth conducts its own regular teaching sessions
 - b. Mostly targeted towards GP registrar training
 - c. Follows GP registrar curricula
 - d. Sessions delivered by experienced GP and GP registrars with supervisor help
3. Weekly mandatory protected teaching with SWHC Thursday 0800 – 0900 (this is off-site, delivered via videoconferencing)
 - a. SWHC has a robust training programme for their PGY1 doctors
 - b. Addresses the PGY1 training curricula and requirements
 - c. As part of our regional collaboration, PGY1 doctors at PDH are welcome to participate
4. Regular Teaching – on – the – run sessions in the wards and emergency
5. Regular education sessions organised by education department
 - a. Include practical and hands –on sessions in BLS, ALS, Paediatric life support, cannulation, ventilation basics, basics of prescribing and charting etc
6. Library
 - a. Universal access to on-line UpToDate is available on site
 - b. Access available to Deakin University library through subscription which PDH will facilitate
