CAREERS TEACHER:	

IMPORTANT INFORMATION TO CONSIDER:

Please discuss your Work Experience (WE) goals with your careers teacher so they can help you decide if PDH is the best place for you to apply. WE within a health organisation is mostly an observatory experience with very little 'hands on' due to the nature of the work.

It is important to consider this before submitting your application.

Situations arising beyond our control (I.e. Covid 19) may result in a last-minute cancellation of work experience but all efforts will be made to avoid this unless necessary.

Our WE program is also very popular, and we receive lots of applications, so I strongly advise you consider an alternative workplace as plan B.

Whilst we try to meet the preferred dates for your school, due to **limited spaces** this can NOT always be accommodated. **Successful applicants** will be chosen based on suitability and merit of their application & offered a place & dates that our WE program will run. Students cannot choose to do work experience on an individual basis at a time that suits them (I.e. school holidays)

Please note: *WE students will not be allocated to the following:*

Doctors, Theatre, The Urgent Care Centre, Aged Care or Counselling

Please indicate areas of interest.

(You can nominate more than one)
